Brian and his friends are not part of the cool crowd. They're the misfits and the troublemakers—the ones who jump their high school's fence to skip class regularly. So when a deadly virus breaks out, they're the only ones with a chance of surviving. The virus turns Brian's classmates and teachers into bloodthirsty attackers who don't die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian's sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won't be easy, and it will test everything they thought they knew about themselves and their classmates. Praise for SICK "The gore and action will leave enthralled readers thrilled and then sated with each kill on either side." —Booklist "Between the pacing and the heroes' sally, blue language (full of lovingly creative, genital-inspired insults), reluctant readers who love zombies will devour it, right up to the abrupt end." —Kirkus Reviews "Sick is well written, with great detail, even if it is a little gory." —VOYA Magazine Awards 2014 Quick Picks for Reluctant Young Readers list from YALSA

The emergence of institutions for the education of adults. The shaping of a field of adult education. The nature and future of the adult aducation movement.

Adult Learning: A Design for Action: A Comprehensive International Survey contains the proceedings of the International Conference on Adult Education and Development held in Dar es Salaam, Tanzania, in June 1976, under the auspices of the International Council for Adult Education. The papers explore ideas and actions for carrying out a design for development that recognizes the centrality of adult education and of the participation of the people in development decisions. This book consists of 29 chapters and begins with a discussion on the role of adult education in development as well as expanded concepts of development for action. Case studies of adult education in a number of countries are presented, including Guinea Bissau, Hungary, Indonesia, Mozambique, Vietnam, and member states of the Arab League. The following chapters focus on the role of short cycle and community colleges in development; workers' participation for development; distance teaching alternatives in education and for development; and the impact of agricultural extension on development. This monograph will be of interest to educators and policymakers.

Commonwealth Education Partnership 2007 is an essential overview of the development of education systems in the Commonwealth, focusing on international collaborations and on the partnerships in member countries between government, NGOs and the private sector in education. Focuses in this edition: increasing access and the right to quality education; supporting teachers for quality education; resourcing; and education for the good of all. The lord of snark. Lawrence Dorfman, is back! With this treasury of backhanded compliments, sarcastic insults, and catty comebacks, Dorfman gives us transformative wisdom that's sure to change your life—or at least induce a light chuckle. One question plagues us all: How do we survive all the Sturm und Drang of everyday life? The answer is but one word: snark. "She wears her clothes as if they were thrown on by a pitchfork." —Jonathan Swift "Why don't you get a haircut? You look like a chrysanthemum." —P. G. Wodehouse "He's a mental midget with the IQ of a fence post." —Tom Waits "They hardly make 'em like him anymore—but just to be on the safe side, he should be castrated anyway." —Hunter S. Thompson "He has a Teflon brain . . . nothing sticks" —Lily Tomlin "He has no more backbone than a chocolate éclair." —Theodore Roosevelt Snark will keep the wolves at bay (or at least out on the porch). Snark, much like a double scotch, will help you deal with relatives, shopping, and rudeness; it is an outlet for the unleashed vitriolic bile that's saved itself up over the months. Like a shield, it will protect you while you go about your life. Snark is your answer!

Since its original publication in 1968, Rivers's comprehensive and practical text has become a standard reference for both student teachers and veteran instructors. All who wish to draw from the most recent thinking in the field will welcome this new edition. Methodology is appraised, followed up by discussions on such matters as keeping students of differing abilities active, evaluating textbooks, using language labs creatively, and preparing effective exercises and drills. The author ends each chapter of this new edition with questions for research and discussion—a useful classroom tool—and provides an up-to-date bibliography that facilitates further understanding of such matters as the bilingual classroom.
