'Automotive Computer Controlled Systems' explains the fundamental principles of engineering that lie behind the operation of vehicle electronic systems. Having obtained this knowledge, the reader will be able to make full use of the diagnostic equipment which is currently available. The book builds on the concepts contained in Vehicle Electronic Systems and Fault Diagnosis and gives clear steps to fault diagnosis and subsequent repair of the vehicle's electronic systems. The author discusses electronics only within the context of the vehicle systems under consideration, and thus keeps theory to a minimum. Allan Bonnick has written articles for several transport/vehicle journals and carries out consultancy work for the Institute of Road Transport Engineers. In addition, he has had many years teaching experience and is ideally placed to write this informative guide.

Reviews: " What a unique resource! A treasure-trove of guided conversations to increase intimacy and friendship. Therapists often ask me for good homework assignments. This book does the thinking for you. Keep it on hand and whether its values, sex, conflict or other challenging issues, you'll have a ready-made way to help your clients make immediate progress." -- Ellyn Bader, Ph.D, Founder/Director The Couples Institute "This is a valuable resource for anyone working with couples. Any couple can profit greatly if they are willing to take Kathleen Youngman's challenge to explore these important topics and discuss these wonderful questions." -- Milan and Kay Yerkovich, Authors of best-selling How We Love series " Instead of offering analysis, advice or theory, The Couples Therapy Workbook offers just that, a set of questions to stimulate conversations that help couples deepen their engagement with each other and reconnect. All couples will find this an exceptional guide, and all therapists will find it an effective instrument to supplement the therapeutic process. I highly recommend it and complement the author on her creativity and attention to the core details of a connected relationship." --Harville Hendrix, Ph. D. and Helen LaKelly Hunt, Ph. D.; Authors of Making Marriage Simple and Getting the Love You Want.
