'L'Aforisma è il sogno di una vendetta sottile. L'Aforisma è genio e vendetta e anche una sottile resa alla realtà biblica. Chi fa aforismi muore saturo di memorie e di sogni ma pur sempre non vincente né davanti a Dio né davanti a se stesso né davanti al suo puro demonio.' Alda Merini Non cercate di prendere i poeti perché vi scapperanno tra le dita.

Alda Merini is one of Italy's most important, and most beloved, living poets. She has won many of the major national literary prizes and has twice been nominated for the Nobel Prize--by the French Academy in 1996 and by Italian PEN in 2001. In *Love Lessons*, the distinguished American poet Susan Stewart brings us the largest and most comprehensive selection of Merini's poetry to appear in English. Complete with the original Italian on facing pages, a critical introduction, and explanatory notes, this collection gathers lyrics, meditations, and aphorisms that span fifty years, from Merini's first books of the 1950s to an unpublished poem from 2001. These accessible and moving poems reflect the experiences of a writer who, after beginning her career at the center of Italian Modernist circles when she was a teenager, went silent in her twenties, spending much of the next two decades in mental hospitals, only to reemerge in the 1970s to a full renewal of her gifts, an outpouring of new work, and great renown. Whether she is working in the briefest, most incisive lyric mode or the complex time schemes of longer meditations, Merini's deep knowledge of classical and Christian myth gives her work a universal, philosophical resonance, revealing what is at heart her tragic sense of life. At the same time, her ironic wit, delight in nature, and affection for her native Milan underlie even her most harrowing poems of suffering. In Stewart's skillful translations readers will discover a true sibyl of the twentieth and twenty-first centuries.

Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation*, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

Questo manuale è nato per venire incontro alle esigenze formative degli studenti delle scuole di psicoterapia e di psichiatria e definire in modo critico i fondamenti dell' intervento psicoterapeutico nei contesti clinici, al fine di evitare pratiche sommarie e suggestive e di incorrere in numerosi errori concettuali. Nella formazione dei professionisti è necessario sgombrare il campo dai modelli teorici obsoleti (metapsicologici) sui quali si fondano le divergenze tra le varie scuole; gli studi empirici e l' esperienza professionale convergono nel ritenere che la psicoterapia sia efficace essenzialmente in virtù degli effetti del campo intersoggettivo asimmetrico che si crea tra terapeuta

E poi c ' è l ' altro tempo, il tempo interiore, capiente e accogliente, il tempo circolare, che si apre e che contiene, e che più si apre più contiene. È il tempo custode e fecondo, che fa alleanza con tutto quello che siamo, che vive di spazio, respira di essere. Perché ogni giorno facciamo il tempo, ogni giorno cominciamo tutto il tempo che siamo.
