This book provides a critical examination of over 300 historical works about the French Revolution, published in Europe (in particular in France, Great Britain, Germany, Italy and Russia) as well as in the United States between 1789 and 1989. It also goes on to examine recent trends in French Revolution historiography and consider where histories of this

landmark event may go in the future. By emphasizing the elements which have been valued or hidden, exalted or silenced, Historicizing the French Revolution shows how reflections on 1789 are always fundamentally tied to the times in which they are formulated. Antonino De Francesco looks at the ways in which these historical accounts can be seen to support and, at times, contrast with the formation of political modernity – both in national and international contexts – as it has taken shape in the hundreds of years that have followed this key moment in world history.

Known collectively as the 'Great War', for over a decade the Napoleonic Wars engulfed not only a whole continent but also the overseas possessions of the leading European states. A war of unprecedented scale and intensity, it was in many ways a product of change that acted as a catalyst for upheaval and reform across much of Europe, with aspects of its legacy lingering to this very day. There is a mass of literature on Napoleon and his times, yet there are only a handful of scholarly works that seek to cover the Napoleonic Wars in their entirety, and fewer still that place the

conflict in any broader framework. This study redresses the balance. Drawing on recent findings and applying a 'total' history approach, it explores the causes and effects of the conflict, and places it in the context of the evolution of modern warfare. It reappraises the most significant and controversial military ventures, including the war at sea and Napoleon's campaigns of 1805-9. The study gives an insight into the factors that shaped the war, setting the struggle in its wider economic, cultural, political and intellectual dimensions.

Hailed as one of the key theoreticians of modernism, Eugène-Emmanuel Viollet-le-Duc was also the most renowned

restoration architect of his age, a celebrated medieval archaeologist and a fervent champion of Gothic revivalism. He published some of the most influential texts in the history of modern architecture such as the *Dictionnaire raisonné de l'architecture française du XIe au XVIe siècle* and *Entretiens sur l'architecture*, but also studies on warfare, geology and racial history. Martin Bressani expertly traces Viollet-le-Duc's complex intellectual development, mapping the attitudes he adopted toward the past, showing how restoration, in all its layered meaning, shaped his outlook. Through his life journey, we follow the route by which the technological subject was born out of nineteenth-century historicism.
