~~Securitron GL1 Series Gate Locks—ASSA ABLOY Opening----~~

Securitron's GL1 Gate Lock is an electromechanical lock designed for exterior (or interior) use in gated areas which require controlled access or egress.

~~INSTALLATION AND OPERATING INSTRUCTIONS For Model GL1 Gate----~~

The Gate Lock is a direct- latching fail safe/locked electromechanical lock which incorporates Securitron's unique dual voltage system. The GL1 does not automatically re-lock if the strike is not moved from the latch. The strike must always be pushed closed to mechanically re-latch in order for the GL1 to re-lock.
