DO NOT MISS IT, AS YOU NEED TO READ THIS, BECAUSE IT CONTAINS A PROPHETIC MESSAGE THAT IS OF UPPERMOST IMPORTANCE FOR YOU AND YOU'RE FAMILY. STEPHEN J SPYKERMANT MOUNT EPHRAIM PUBLISHING UNITED KINGDOM This book is based on a deep understanding of the Chronological Order of the Sabbatical and Jubilee Years and why terrorism, severe weather, and now Pestilence dominate the nightly news—all promised events that were told to us thousands of years ago. There is more to come, like famines, eartquakes, war and slavery. Most people have no idea about any of this. Sadly many do not even want to know. The Prophecies of Abraham will show you a pattern that the Creator has used since creation. Once you see it, you can no longer deny it. You will then know exactly when these events are to come. Welcome to The Prophecies of Abraham

The archetype of 'my enemy's enemy is my friend', India's political and economic presence in Afghanistan is often viewed as a Machiavellian ploy aimed against Pakistan. The first of its kind, this book interrogates that simplistic yet powerful geopolitical narrative and asks what truly drives India's Afghanistan policy.

In this timely and thorough volume, Michael Semple analyzes the rationale and effectiveness post-2001 attempts at reconciliation in Afghanistan. He explains the poor performance of these attempts and argues that rethinking is necessary if reconciliation is to help revive prospects for peace and stability in Afghanistan.

China's rise is altering global power relations, reshaping economic debates, and commanding tremendous public attention. Despite extensive media and academic scrutiny, the conventional wisdom about China's economy is often wrong. Cracking the China Conundrum provides a holistic and contrarian view of China's major economic, political, and foreign policy issues. Yukon Huang trenchantly addresses widely accepted yet misguided views in the analysis of China's economy. He examines arguments about the causes and effects of China's possible debt and property market bubbles, trade and investment relations with the Western world, the links between corruption and political liberalization in a growing economy and Beijing's more assertive foreign policies. Huang explains that such misconceptions arise in part because China's economic system is unprecedented in many ways—namely because it's driven by both the market and state— which complicates the task of designing accurate and adaptable analysis and research. Further, China's size, regional diversity, and uniquely decentralized administrative system poses difficulties for making generalizations and comparisons from micro to macro levels when trying to interpret China's economic state accurately. This book not only interprets the ideologies that experts continue building misguided theories upon, but also examines the contributing factors to this puzzle. Cracking the China Conundrum provides an enlightening and corrective viewpoint on several major economic and political foreign policy concerns currently shaping China's economic environment.

Considers the economic and political characteristics of Egypt as a potential FTA partner. This book examines the benefits and challenges in pursuing bilateral negotiations with Egypt, examines the Bush proposal for a regional arrangement, and assesses the impact of a prospective FTA on other trading partners and on the multilateral trading system.

This first-hand account of Taliban rule in Afghanistan from 1996-2001 analyses the current situation in the country. The work is based on the author's experiences during his assignment as Pakistan's special envoy to Afghanistan with the mandate of bringing the Taliban and the Northern Alliance to the negotiating table.

The full story of human endeavor - complete with its dramas, wars, schemes, discoveries, and personalities - is laid out before you in this illustrated guide to the history of our world. Who were the Mongols, the Maya, or Isis? How far did the Roman or the British empire stretch? Why did apartheid or Communism begin, and what were the issues in the Vietnam War? Eyewitness Companion: World History is your convenient reference, answering all your questions. But it also tells you why events happen and explain key issues. Its timelines trace events as they happen, from the appearance of the first humans in Africa to first civilizations and then on to recent wars in Afghanistan and Iraq and the space race. It succinctly explains how one event led to another and sums up topics that include ancient Egypt, the Romans, the Renaissance, World Wars I and II, slavery and empire, and Communist China. Dotted throughout this comprehensive volume are sumptuous images that reveal historical world treasures, such as the 16,000-year old cave paintings at Lascaux, Machu Picchu, and the Taj Mahal. With wide coverage of the world's civilizations, events, ideas, and discoveries, Eyewitness Companion: World History is both an essential reference and a fascinating read.
