Gospel originally meant the Christian message, but in the 2nd century it came to be used also for the books in which the message was set out; in this sense a gospel can be defined as a loose-knit, episodic narrative of the words and deeds of Jesus of Nazareth, culminating in his trial and death and concluding with various reports of his post-resurrection appearances.

Joseph Heller's powerful, wonderfully funny, deeply moving novel is the story of David -- yes, King David -- but as you've never seen him before. You already know David as the legendary warrior king of Israel, husband of Bathsheba, and father of Solomon; now meet David as he really was: the cocky Jewish kid, the plagiarized poet, and the Jewish father. Listen as David tells his own story, a story both relentlessly ancient and surprisingly modern, about growing up and growing old, about men and women, and about man and God. It is quintessential Heller.

"Smithy is an American original, worthy of a place on the shelf just below your Hucks, your Holdens, your Yossarians." —Stephen King Every so often, a novel comes along that captures the public's imagination with a story that sweeps readers up and takes them on a thrilling, unforgettable ride. Ron McLarty's The Memory of Running is this decade's novel. By all accounts, especially his own, Smithson "Smithy" Ide is a loser. An overweight, friendless, chain-smoking, forty-three-year-old drunk, Smithy's life becomes completely unhinged when he loses his parents and long-lost sister within the span of one week. Rolling down the driveway of his parents' house in Rhode Island on his old Raleigh bicycle to escape his grief, the emotionally bereft Smithy embarks on an epic, hilarious, luminous, and extraordinary journey of discovery and redemption.

Since the death of her husband, Anne Dunne and her three children have struggled in every way. In a last ditch effort to save the family, Anne plans an elaborate sailing vacation to bring everyone together once again. But only an hour out of port, everything is going wrong. The teenage daughter, Carrie, is planning to drown herself. The teenage son, Mark, is high on drugs and ten-year-old Ernie is nearly catatonic. This is the worst vacation ever. Anne manages to pull things together bit by bit, but just as they begin feeling like a family again, something catastrophic happens. Survival may be the least of their concerns. Written with the blistering pace and shocking twists that only James Patterson can master, SAIL takes "Lost" and "Survivor" to a new level of terror.

This annotated bibliography covers approximately 400 novels published from 1838 through 2007. A substantial introduction to the history and development of the genre precedes the chronologically arranged entries, which provide bibliographic details and extensive annotations on plot, themes, and compositional strengths and weaknesses. Mainstream novels by writers such as Hemingway, Wolfe, Roth, and DeLillo are included. Appendices provide historical overviews for the primary baseball subgenres, including mystery, fantasy, and science-fiction; lists for novels that foreground issues of race or ethnicity (or both, as in Winegardner's Vera Cruz Blues), gender (Gilbert's A League of Their Own), and class (Hay's The Dixie Association); and the author's rankings of great baseball novels overall and by subgenre.

"Me and E: A Baseball Odyssey is a reflection on parenting a highly skilled, nationally-ranked and difficult baseball prodigy, told through the author's eyes as he witnessed and participated in the successes and failures of his son playing baseball and growing up in Central Florida. It deals with the changing world of competitive youth sports, over-involved parents, fanatical coaches, the hypocrisies inherent in high school athletics, the college recruiting process and how we teach our kids to grow up and become decent human beings - despite ourselves. It involves well-known sports figures as well as local sports icons with traits and characteristics that everyone will recognize. It's a book about flawed parenting, about living vicariously through a gifted child and learning, finally, that being a good father is as much about letting go as it is about being there. Phillips was born in Madison, Indiana. After graduating high school Phillips entered Asbury College following which he degreed from College of New Jersey in 1887. After completing his education, Phillips worked as a newspaper reporter in Cincinnati, Ohio before moving on to New York City where he was employed as a columnist and editor with the New York World until 1902. In his spare time, he wrote a novel, The Great God Success that was published in 1901. The book sold well enough that his royalty income was sufficient enough to allow him to work as a freelance journalist while dedicating himself to writing fiction. Writing articles for various prominent magazines, he began to develop a reputation as a competent investigative journalist. Considered a progressive, Phillips' novels often commented on social issues of the day and frequently chronicled events based on his real-life journalistic experiences.

This is a memoir presented in an anthological - like format; in other words, a collection of short stories, on the life of the author. It starts when he was growing up in the Philippine countryside of Ilocos Sur province. Just like a normal kid, he played with his friends, did crazy things, went to school and moved to Manila, for his college education. He got married while in fifth year college, but still graduated on time. This book relates his struggles, failures, as well as successes, including his coming to America. Searching for the American Dream was no picnic either, but with perseverance, he achieved some of them in modest ways. Foreigners planning to immigrate to the great ol' USA could get glimpses, on what it takes, to come and live in America.
