These words can be found in Hagakure, The Book of the Samurai, a compilation of the philosophies of Yamamoto Tsunetomo, an old Samurai from the old Edo era of Japan. They remind me of what I ...

A Collection of Thoughts, Sayings and Meditations on the Way of the Samurai "It is said that what is called "the spirit of an age" is something to which one cannot return. That this spirit gradually dissipates is due to the world's coming to an end. For this reason, although one would like to change today's world back to the spirit of one hundred years or more ago, it cannot be done. Thus it is important to make the best out of every generation." — Tsunetomo Yamamoto, Hagakure: The Book of the Samurai A formerly secret text known only to the Samurai, Hagakure is a classic text on Bushido—the Way of the Warrior. More than just a handbook for battle, Hagakure is a text that filled with teachings that still apply in business, political and social situations today. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it.

Warrior ethics have been studied in famous books and popular movies such as Shogun and The Last Samurai with Tom Cruise. The Hagakure was originally written in the early 1700s over a seven year period. Dictated by Yamamoto Tsunetomo to an assistant, the book was never meant to be published, but after Tsunetomo's death the assistant published it to honor his master. Inside this ancient text are all the deep and mysterious ways of the Samurai. Page after page of topics unfold, ranging from the best way to face death to not looking foolish in a rainstorm. The Hagakure is chock full of Zen-like wisdom and maxims, and presents a revealing look at history's greatest warrior society, Japan in the age of the Samurai. Many use The Hagakure today as a guidebook on ethics, while others are awestruck by this glimpse at the Samurai's way of thinking.

The comprehensive and accurate edition of the Hagakure is a must-have for serious martial artists or fans of samurai and the bushido code. The Hagakure is one of the most influential of all Japanese texts—written nearly 300 years ago by Yamamoto Tsunetomo to summarize the very essence of the Japanese Samurai bushido ("warrior") spirit. Its influence has been felt throughout the world, and yet its existence is scarcely known to many Westerners. This is the first translation to include the complete first two books of the Hagakure and the most reliable and authentic passages contained within the third book; all other English translations published previously have been extremely fragmentary and incomplete. Alex Bennett's completely new and highly readable translation of this essential work includes extensive footnotes that serve to fill in many cultural and historical gaps in the previous translations. This unique combination of readability and scholarship gives Hagakure: The Secret Wisdom of the Samurai a distinct advantage over all previous English editions.

In today's times, with it's plethora of quick-fix self help books, which for the most part seem to excel in non-directive, mundane advice, it is a pleasure to read a book that reaches back through the centuries to offer sound advice on how to live your life. It is this particular aspect that places it above Sun Tzu's 'Art of War' and Musashi's 'Book of Five Rings', all fine books, but more designed for group or individual warfare tactics. This masterpiece of the former samurai Yamamoto Tsunetomo is a treatise written 300 years ago, preserved for generations in northern Kyushu by warrior chiefs as moral and practical instruction for themselves and their samurai retainers. Closely guarded as secret teachings and shown only to a chosen few, the manuscript became generally available only in the postsamurai Meiji era (1868 onwards). The Hagakure offers a fascinating insight into Japanese "warrior-ness". This was a culture in which death was embraced rather than feared. Yamamoto tells his readers how to foster courage, how to serve selflessly, how to become a skilled master of your own destiny, and how to infuse life with beauty while acknowledging its transience. Yamamoto's penetrating insights and profound aphorisms reflect important moral principles that still apply to us today. This illustrated edition of the ancient classic will enlighten anyone with an interest in Japanese culture and world literature.

Based on William Scott Wilson's definitive translation, adapted by scriptwriter and comic book/manga author Sean Wilson, and with lively drawings by well-known illustrator Chie Katsuwada, this first-ever graphic treatment of what's considered the most influential of all samurai treatises is sure to delight manga fans, martial arts enthusiasts, and students of Japanese culture. Reminiscent of The Arabian Nights in structure, Hagakure is a collection of tales and anecdotes that offer instruction and insight into the philosophy and code of behavior that foster the true spirit of Bushido – the Way of the Warrior. A young, upcoming samurai seeks the advice of an older, seasoned warrior who has become a Zen monk. The ambitious young samurai humbly begs to learn from the old master, who consents. So begins a series of eventful meetings. At each sitting, the master tells his young student tales of samurai past. Tales of famous warriors are recited, as well as ignoble gaffs. With brutal, unrelenting samurai justice, wrongs are righted and judgment is enacted. With each incident, the young novice learns what it means to be a samurai. Learns the harsh realities and subtle wisdom of his age. Writer Sean Wilson and illustrator Chie Katsuwada both bring ample experience in the genre to this project. And, as an added bonus, William Scott Wilson, the translator of the original Kodansha International version of the book, provides an illuminating Afterword.

The definitive translation of the seminal treatise on the code of the samurai. Living and dying with bravery and honor is at the heart of Hagakure, a series of over 1,300 short texts written by eighteenth-century samurai Yamamoto Tsunetomo. These texts illuminate the classic Japanese concept of bushido (the Way of the Warrior), which dictated how samurai were expected to behave, conduct themselves, live, and die. Acclaimed translator William Scott Wilson has selected and translated here three hundred of those texts to create an accessible distillation of this guide, making it one of the most thorough and astonishing windows into the captivating world of the samurai available. This edition includes an introduction that delves into the Zen concept of *muga*, or "death" of the ego, giving an in-depth historical and philosophical background for the more metaphorical reading of Hagakure that is based on Tsunetomo's reference to bushido as "the Way of death." Through this lens, which has held a morbid fascination for readers through the years, the classic takes on a fresh and nuanced appeal. This book was previously published under the title Hagakure. This book is part of the Shambhala Pocket Library series. The Shambhala Pocket Library is a collection of short, portable teachings from notable figures across religious traditions and classic texts. The covers in this series are rendered by Colorado artist Robert Spellman. The books in this collection distill the wisdom and heart of the work. Shambhala Publications has published over 50 years into a compact format that is collectible, reader-friendly, and applicable to everyday life.

Hagakure (Ky jitai: Shinjitai: meaning In the shadow the Leaves or hidden leaves.), is a practical and spiritual guide for a warrior, drawn from a collection of commentaries by the samurai Yamamoto Tsunetomo, a former retainer to Nabeshima Mitsushige, the third ruler of what is now the Saga prefecture in Japan. Tsuramoto Tashiro compiled these commentaries from his conversations with Tsunetomo from 1709 to 1716 and recorded Tsunetomo's views on bushido, the warrior code of the samurai. Hagakure is sometimes said to assert that bushido is really the "Way of Dying" or living as though one was already dead, and that a samurai retainer must be willing to die at any moment in order to be true to his lord. Note: There is no existing text for Chapter 5.

Presents a translation of Tsunetomo Yamamoto's "Hagakure," which formed the basis of behavior, values, and etiquette for samurai warriors.

Honor: Samurai Philosophy of Life - The Essential Samurai Collection is comprised of three of the most influential books on the Samurai philosophy of honor and life. The Book of Five Rings by Miyamoto Musashi is a text on kenjutsu and the martial arts in general, written by the samurai warrior Miyamoto Musashi circa 1645. It is considered a classic treatise on military strategy, much like Sun Tzu's The Art of War and Chanakya's Arthashastra. There have been various translations made over the years, and it enjoys an audience considerably broader than only that of martial artists: for instance, some business leaders find its discussion of conflict and taking the advantage to be relevant to their work. The modern-day Hy h Niten Ichi-ry employs it as a manual of technique and philosophy. Hagakure: The Way of the Samurai is a practical and spiritual guide for a warrior, drawn from a collection of commentaries by the samurai Yamamoto Tsunetomo, former retainer to Nabeshima Mitsushige, the third ruler of what is now the Saga prefecture in Japan. Tsuramoto Tashiro compiled these commentaries from his conversations with Tsunetomo from 1709 to 1716; however, it was not published until many years after. Hagakure is also known as the The Book of the Samurai, Analects of Nabeshima or the Hagakure Analects. Bushido: The Soul of Japan by Inazo Nitobe is, along with the classic text Hagakure by Tsunetomo Yamamoto, a study of the way of the samurai. A best-seller in its day, it was read by many influential foreigners, among them President Theodore Roosevelt, President John F. Kennedy and Robert Baden-Powell. It may well have shaped Baden-Powell's ideas on the Boy Scout movement he founded.

This is an international collection spanning over 2,000 years of history. Two books are from China, one from India, two from Italy, and two from Japan. These works provide insight into the thinking of warlords and kings who ruled across Asia and Europe in ancient times. Some of these books are focused more on war and military science ("Art of War", "Book of Five Rings", "Hagakure"), others are more self-reflective and develop an ethical philosophy ("Analects", "Meditations"), and others still are focused more on politics and ruling ("Arthashastra", "The Prince"). Each of these books provides a unique and historical perspective regarding these topics, and they complement each other in tracing deep insight into the nature of leadership, war, politics, and statecraft.
