Leonard Pitts writes that the collapse of the condo building in Florida should remind us to make every moment count.

In his revolutionary book *Miracles Happen*, Brian Weiss M.D., the New York Times bestselling author of *Many Lives, Many Masters*, examines the physical, emotional, and spiritual healing that is possible when you freely accept and embrace the reality of reincarnation. Trained as a traditional psychotherapist, Dr. Weiss began to explore how reincarnation and past life regression can lead us to our higher selves after a startling encounter with a patient. Now a leading proponent of past-life therapy, Dr. Weiss shows us that, indeed, *Miracles Happen*, with seemingly incredible but true stories that demonstrate how, by getting in touch with and understanding our past lives, we can dramatically improve the present.

In our highly scientific age, even the possibility that modern-day miracles might occur is often cast to the side of the rational road. But to those individuals who have actually experienced amazing, supernatural occurrences first-hand, modern-day miracles are just as real as the air we breathe. *Where Miracles Happen* by Joan Wester Anderson contains 45 stories of miraculous events and angelic encounters. From physical healing to bodily protection to divine guidance and provision, each story is firmly grounded in orthodox Christian beliefs and reminds each of us that God continues to make Himself known to us through modern-day miracles.

Mary Kay Ash, one of America's most dynamic businesswomen, lived her life with simple and timeless principles. Through her uncomplicated formula for success -- God first, family second and career third -- she achieved her dream. She inspired. She motivated. She cared. Mary Kay often said that if you expect great things, great things will happen. So expect results. Expect success. Miracles happen. Mary Kay Ash knew when she created her dream company that its success would largely depend on the principles upon which it was founded. In her wisdom, she realized that by building a solid foundation, and never wavering from it, she would distinguish her company and set the stage for women to succeed for decades to come. Mary Kay herself said, "The Company bears my name, but it has a life of its own. The true success is the lives that have changed for the better." Today, the independent sales force wholeheartedly embraces Mary Kay's vision of enriching women's lives. Because she believed that women would understand and support her mission, her legacy will continue to grow, inspiring generations of women around the world to believe that miracles happen.

Many extraordinary things happen in the Bible. People walk on water. People touch handkerchiefs and are healed. People disappear into the sky. Did these events really happen? What was their purpose? And do miracles happen today? How do we respond if someone says they've seen a miracle happen? Should we hold healing services? What can I say to a child about praying for healing? How should we react when prayers for healing aren't answered? In this warm and accessible book, Tim Chester looks at the Bible's view of the existence and purpose of miracles and gives a careful and balanced view on whether healings and other miraculous things happen today. It will help Christians to explore these questions and others regarding miracles, signs and wonders, and know how to pray. Includes additional questions on: " Why did Jesus tell people not to tell others about his miracles? " How should I respond when I hear a claim that a miracle has happened? " Should we hold healing services? " What can I say to a child about praying for healing?

The New York Times bestselling author of *Many Lives, Many Masters*, Brian Weiss MD delivers a powerful revolutionary teaching on the physical, emotional and spiritual healing available to all through embracing the reality of reincarnation. Filled with incredible true stories, *Sometimes Miracles Happen* is a remarkable teaching tool that can be used by all to improve their lives, to evolve along their spiritual paths, to experience more joy, love and happiness in the present moment, and to ultimately understand that there is no need to fear death as we are all immortal and innately spiritual beings. Dr Brian Weiss' conversion from skepticism towards reincarnation to confirmed belief has had a profound effect worldwide. Now Brian's readers complete the cycle as they explain how his works allowed them to understand the 'space between lives'. Each story is used to illustrate practical lessons for how you too can comprehend this revelation and draws upon Brian's and his daughter Amy's practices as past-life regression experts. Our past lives are the key to a blissful, secure future and this book is the ultimate guide from two of its top practitioners.

From every corner of the world and all walks of life, readers of *Conversations with God* have written to Neale Donald Walsch about their own experiences of God's presence in their lives. Their stories of incredible synchronicities, extraordinary coincidental circumstances, and everyday miracles are collected here in this warm inspirational book, previously published in hardcover as *Moments of Grace* and now available for the first time in a paperback edition. These are stories of everyday folks who have experienced God touching their lives in very real, visible, and direct ways. Walsch weaves these tales seamlessly into the concepts and messages presented in the *Conversations with God* books. These amazing stories will show you how you, too, can experience miracles in your life and discover that they are all around us.
