junctions where

two or more

railway companies

met, and the

distances between

these junctions and

nearby stations

and junctions, in

order to aid the

calculation of

mileage-based

rates.

Railway Clearing

File Type PDF

Railway

House - Wikipedia

One of the railway junction diagram maps produced by the RCH, in 1914.

This one shows the lines around Newcastle-upon-Tyne, including Blaydon, Hexham, and Scotswood. Off to the right is the line to Sunderland, which from 1845

The Railway
Clearing House

File Type PDF

Railway

(RCH) was set up in 1842, initially to apportion receipts for goods and passengers passing between individual railway companies. The RCH naturally provided a forum in which the companies could discuss joint operations. One particular difficulty

File Type PDF
