## Integration Sensory Integration And The Child

Dr. A. Jean Ayres began to develop sensory integration theory, as well as the evaluation procedures and intervention strategies that were associated with this framework, in the 1950s. When *Sensory Integration and the Child* was first published in the late 1970s, many aspects of her work were becoming more widely known. Although she was a dedicated researcher and educator, Dr. Ayres was foremost a therapist who worked tirelessly to help the children and families who came to her therapy clinic.

## Sensory Integration in Autism | Autism Research Institute

Sensory Processing Disorder, or SPD, is a neurological condition. There has been some debate about the veracity of it existing as a diagnosis, or if it is merely a symptom of a different condition such as Autism or ADHD. However, recent studies have shown physical differences in the brains of children with sensory
