education, income/wealth, occupation, ethnic heritage, age, and family dynamics to better understand the relationship between language and society.

Sociolinguistics Definition and Examples - ThoughtCo

In sociolinguistics, language variety—also called lect—is a general term for any distinctive form of a language or linguistic expression. Linguists commonly use language variety (or simply variety) as a cover term for any of the overlapping subcategories of a language, including dialect, register, jargon, and idiolect.

Definition and Examples of Language Varieties

Be able to comment on sociolinguistic practice by applying theoretical concepts to the linguistic practices of a range of social groups, communities, cultures and/or countries. Explore the social consequences of decisions about the use of language at macro (country-wide) and micro (in smaller social groups) levels.

ET216: Sociolinguistics - University of Warwick

the study of language as it functions in society; the study of the interaction between linguistic and social variables.
