By the author of *The Big Orange Splot*, *The Neddiad*, and *Adventures of a Cat-Whiskered Girl* Things Victor loves: pizza with anchovies, grape soda, B movies aired at midnight, the evening news. And with his parents off at a resort and his older sister shirking her babysitting duties, Victor has plenty of time to indulge himself and to try a few things he's been curious about. Exploring the nearby city of Hogboro, he runs into a curious character known as the Chicken Man (a reference to his companion, an intelligent hen named Claudia who lives under his hat). The Chicken Man speaks brilliant nonsense, but he seems to be hip to the lizard musicians (real lizards, not men in lizard suits) who've begun appearing on Victor's television after the broadcast of the late-late movie. Are the lizards from outer space? From "other space"? Together Victor and the Chicken Man, guided by the able Claudia, journey to the lizards' floating island, a strange and fantastic place that operates with an inspired logic of its own.

Although still in the early stages of her career, Kiera Cass has enjoyed the kind of success most writers only dream of. After publishing her first novel, *The Siren*, in 2009, she went on to write *The Selection*, a dystopian young adult novel set in a future version of the United States in which girls are selected by lottery to compete for the position of Princess. Although she had had no luck at all in finding either an agent or a traditional publisher for *The Siren*, *The Selection* landed her, in short order, an agent and a three-book deal with a top publisher. Cass fans and newcomers alike will enjoy reading this biography of an exuberant but down-to-earth young author.

The "brilliant, courageous" book (Washington Post) that inspired the Netflix documentary series *The Family* and reveals the secret influence of fundamentalism in American politics. The author of the runaway paperback bestseller *The Family* returns with a blistering investigation of the true influence of fundamentalism in American politics. Jeff Sharlet is the only journalist to report from inside the C Street House, the Fellowship residence known by its Washington, D.C., address. This luxury townhouse, recently the setting of notorious political scandal, is more crucially home to efforts to transform American democracy. After laying bare the Fellowship's history in his runaway bestseller *The Family*, Sharlet now shows that past efforts of America's religious fundamentalists pale in comparison to their long-term ambitions today. In **C STREET** Sharlet reveals why culture wars endure and why they matter now—from the American-backed war on gays in Uganda to the battle for the soul of America's armed forces. Drawing on exclusive sources and explosive, newly disclosed documents, Sharlet exposes not the last gasp of old-time religion but the new front lines of American fundamentalism. .

A vida no palácio não era tão ruim quanto America imaginava. Ou melhor: com todos os mimos e privilégios que estava tendo, ela já mal se lembrava de como era pertencer à casta Cinco. Ser Um, em compensação, era fácil: suas criadas eram costureiras talentosíssimas e faziam vestidos maravilhosos; os banquetes e as festas que frequentava eram incrivelmente divertidos; e o conforto em que vivia agora seria impensável alguns meses atrás. Além de tudo, quando sentia saudades de casa, tinha Aspen por perto. Ele era compreensivo, companheiro e tinha decidido colocar sua vida em perigo por ela - afinal, o que aconteceria se alguém descobrisse que, além de guarda do palácio, era ex-namorado de uma das candidatas? Era com Aspen que America contava nas horas mais difíceis. Por outro lado, o príncipe Maxon era atraente, bondoso, carinhoso e - o mais importante - desejava America mais do que qualquer outra garota da Elite. Mas, além de estar com o coração secretamente dividido, também era difícil lidar com o fato de que aceitar Maxon significava ter que aceitar uma coroa. America não tinha certeza se gostaria de ser uma princesa. Apesar da vida glamorosa, havia tantas coisas com as quais ela não concordava e que permaneciam sem explicação: por que o palácio sofria tantos ataques rebeldes? O que era reivindicado? Por que os castigos aos infratores tinham de ser tão violentos? O que estava por trás daquele regime de castas tão cruel? O tempo está acabando e as dúvidas de America só aumentam.

Franny K. Stein is not your average girl—she's a mad scientist. She prefers poison ivy to daisies, and when Franny jumps rope, she uses her pet snake. The kids in Franny's class think she's weird, wacky, and just plain creepy. Tired of being stared at, Franny decides to attempt her most dangerous experiment yet—she's going to fit in. But when a giant Monstrous Fiend attacks the class, everyone knows only a true mad scientist can save the day. But has Franny lost her creepy, crawly ways?

This new anthology is designed for Introduction to Fiction courses. It features Robert DiYanni's clear presentation of the elements along with his three-part pedagogy of experience, interpretation, and evaluation. FICTION also includes full coverage of writing about fiction with two student papers.

This volume explores the relationship between representation, affect, and emotion in texts for children and young adults. It demonstrates how texts for young people function as tools for emotional socialisation, enculturation, and political persuasion. The collection provides an introduction to this emerging field and engages with the representation of emotions, ranging from shame, grief, and anguish to compassion and happiness, as psychological and embodied states and cultural constructs with ideological significance. It also explores the role of narrative empathy in relation to emotional socialisation and to the ethics of representation in relation to politics, social justice, and identity categories including gender, ethnicity, disability, and sexuality. Addressing a range of genres, including advice literature, novels, picture books, and film, this collection examines contemporary, historical, and canonical children's and young adult literature to highlight the variety of approaches to emotion and affect in these texts and to consider the ways in which these approaches offer new perspectives on these texts. The individual chapters apply a variety of theoretical approaches and perspectives, including cognitive poetics, narratology, and poststructuralism, to the analysis of affect and emotion in children's and young adult literature.

Museum and Gallery Publishing examines the theory and practice of general and scholarly publishing associated with museum and art gallery collections. Focusing on the production and reception of these texts, the book explains the relevance of publishing to the cultural, commercial and social contexts of collections and their institutions. Combining theory with case studies from around the world, Sarah Anne Hughes explores how, why and to what effect museums and galleries publish books. Covering a broad range of publishing formats and organisations, including heritage sites, libraries and temporary exhibitions, the book argues that the production and consumption of printed media within the context of collecting institutions occupies a unique and privileged role in the creation and communication of knowledge. Acknowledging that books offer functions beyond communication, Hughes argues that this places books published by museums in a unique relationship to institutions, with staff acting as producers and visitors as consumers. The logistical and ethical dimensions of museum and gallery publishing are also examined in depth, including consideration of issues such as production, the impact of digital technologies, funding and sponsorship, marketing, co-publishing, rights, and curators' and artists' agency. Focusing on an important but hitherto neglected topic, Museum and Gallery Publishing is key reading for researchers in the fields of museum, heritage, art and publishing studies. It will also be of interest to curators and other practitioners working in museums, heritage and science centres and art galleries.
