Vintage Tops and Tails Card Game, Piatnik Card Game ...

To play: Each child tucks a 'tail' into the back of their shorts. The children run around the play space trying to capture the tails of the other players whilst also keeping their own tail safe. If a child's tail is captured, they perform a pre-agreed fitness activity - e.g. 5 jumping jacks or hop on the spot 5 times.

Fun Games for Kids Series: How to Play Tail Tag

Description: Give each student a pinnie and have them tuck it into the side of their shorts so that at least 2/3 of the pinnie is hanging out and visible. Scatter the hula hoops throughout the gym. The object of the game is to steal as many tails as you can. Each time you steal a tail and drop it to the ground, you receive a point.

Includes recipes for fish, alligator, rabbit, venison, muskrat, elk, and bear, and includes tips for field-dressing game

Fairy tales have never known geographical, disciplinary or cultural borders. In many ways, they provide a model for thinking about storytelling on a transnational level long before comparative literature began transforming itself into world literature. As the simple expression of complex thought, fairy tales have increasingly become the focus of intense scholarly inquiry. In this Companion, international scholars from a range of academic disciplines explore the historical origins, cultural dissemination and psychological power of fairy stories, and offer model interpretations of tales from a variety of traditions and sources, including Charles Perrault, the Brothers Grimm and the One Thousand and One Nights. Rather than disenchanting the stories, the essays in this volume broaden our understanding of them and deepen our appreciation of the cultural work they do. A chronology and guide to further reading contribute to the usefulness of the volume for students and scholars.

You've seen fairies before. Of course, you have. But not this. You've never seen anything like this. Peadar Ó Guilín (from his foreword) Nick Larter's Irish Tales is a collection of new fairy stories for adults. Its unifying theme is the decline of Faerie power in the face of the onward march of modernity. The stories tell of a King gradually losing control of his subjects and servants, and increasingly unable to influence the world of men. Within these pages there are tales of both our own, and alternate Irelands; stories of the Easter Rising and of the Troubles; an homage to Francis Stuart, a nod to Harry Clarke. Here, the King makes a compact with a maverick entomologist; there, with a young Turkish civil engineer. A former British Army captain starts a vicious feud; a young family is menaced by Faerie badgers; a pregnant teenager seeks help from a Faerie abortionist, and a retired paramilitary man bears witness to the beginning of the end of the world.
