There have been many great and enduring works of literature by Caribbean authors over the last century. The Caribbean Contemporary Classics collection celebrates these deep and vibrant stories, overflowing with life and acute observations about society. This luminous book recounted through the eyes of the 12-year-old Francis, describes the year he spends, far away from home, in San Fernando. As his initial confusion gives way to increasing confidence and maturity, the open consciousness of the boy allows different times, events and places to co-exist. Over the course of one year, through Francis' eyes, we see the cycle of natural change and progression; the daily round of the market, showing the fruits of different seasons, the passage of dry season to rainy and back again to dry, the cane fires as the crop comes to an end, all symbolising the progression of the boy's year. And weaving in and amongst these mundane but intense experiences Francis feels his way to some understanding of adulthood.

In the first book-length scholarly study of the San Fernando Valley--home to one-third of the population of Los Angeles--Laura R. Barraclough combines ambitious historical sweep with an on-the-ground investigation of contemporary life in this iconic western suburb. She is particularly intrigued by the Valley's many rural elements, such as dirt roads, tack-and-feed stores, horse-keeping districts, citrus groves, and movie ranches. Far from natural or undeveloped spaces, these rural characteristics are, she shows, the result of deliberate urbanplanning decisions that have shaped the Valley over the course of more than a hundred years. The Valley's entwined history of urban development and rural preservation has real ramifications today for patterns of racial and class inequality and especially for the evolving meaning of whiteness. Immersing herself in meetings of homeowners' associations, equestrian organizations, and redistricting committees, Barraclough uncovers the racial biases embedded in rhetoric about "open space" and "western heritage." The Valley's urban cowboys enjoy exclusive, semirural landscapes alongside the opportunities afforded by one of the world's largest cities. Despite this enviable position, they have at their disposal powerful articulations of both white victimization and, with little contradiction, color-blind politics.

There have been many great and enduring works of literature by Caribbean authors over the last century. The Caribbean Contemporary Classics collection celebrates these deep and vibrant stories, overflowing with life and acute observations about society. Fifteen-year-old Shell tells his story directly and we see things through his eyes - his confused feelings first for Rosalie, and then for Joan, his distress about the illness and death of his father, and his admiration tempered by fear of Mr Gidharee, Rosalie's father. This iconic, universal 'coming of age' novel conveys the confusion of a teenager growing to maturity, and the difficult choices that have to be made. Shell is gradually led out of childhood and into a deeper understanding of the human condition. Suitable for readers aged 14 and above.

Fans of Sabaa Tahir and Tomi Adeyemi won't want to miss this instant *New York Times* bestselling fantasy from breakout YA sensation Jordan Ifueko! Nothing is more important than loyalty. But what if you've sworn to protect the one you were born to destroy? Tarisai has always longed for the warmth of a family. She was raised in isolation by a mysterious, often absent mother known only as The Lady. The Lady sends her to the capital of the global empire of Aritsar to compete with other children to be chosen as one of the Crown Prince's Council of 11. If she's picked, she'll be joined with the other Council members through the Ray, a bond deeper than blood. That closeness is irresistible to Tarisai, who has always wanted to belong somewhere. But The Lady has other ideas, including a magical wish that Tarisai is compelled to obey: Kill the Crown Prince once she gains his trust. Tarisai won't stand by and become someone's pawn--but is she strong enough to choose a different path for herself? With extraordinary world-building and breathtaking prose, *Raybearer* is the story of loyalty, fate, and the lengths we're willing to go for the ones we love.
