With an integrated GPS unit, the Polar RC3 GPS training computer provides speed and distance data, as well as route information at polarpersonaltrainer.com web service, in all outdoor sports using Global Positioning System (GPS) technology. Signals that GPS satellites transmit to the earth indicate the location of the satellites.

### POLAR RC3 GPS

INTRODUCTION. Congratulations on the purchase of your Polar RC3 GPS™ training computer! The training computer offers you an all-in-one system to guide you in your training. This user manual includes complete instructions to help you get the most out of your training computer. The latest version of this user manual can be downloaded at [www.polar.com/support](http://www.polar.com/support).

#### 1. INTRODUCTION | Polar RC3 GPS User Manual | English

Keep the RC3 GPS in a horizontal position in front of you ("POLAR" logo facing forward). Keep moving in order for the RC3 GPS to determine which direction you are going. An arrow will point in the direction of your starting point. To get back to the starting point, always turn in the direction of the arrow.

#### 5. TRAINING | Polar RC3 GPS User Manual | English

Charging Your Training Computer The Polar RC3 GPS training computer has an internal, rechargeable battery. Use the USB cable included in the product set to charge the training computer via the USB connector on your computer. If you want to plug the USB connector to a wall outlet, use a USB power adapter (not included in the product set).
