Volunteering development takes time and requires commitment. For a National Society, a volunteering development effort is a long term investment and commitment. It begins with analyzing the current state of how it manages and supports its volunteers. Taking the analysis into a process to put in place, improve or change the practice of volunteer management.

The Volunteering Development Platform (VODPLA) is a direct response to the requests, requirements and needs of the national Red Cross Societies in America. It is an initiative carried out by the Regional Unit of Volunteering and Youth Development and has been elaborated considering the results of the annual base line studies and the analysis of volunteering and youth in the Americas.

~~About VODPLA — volunteeringredcross.org~~

We celebrated 100 years since the founding of the International Federation of Red Cross and Red Crescent Societies (IFRC), at a time when humanitarian needs have never been greater. Throughout 2019, the world faced interconnected and compounding emergencies, driven mostly by extreme climate related disasters and conflict, that resulted in highest number of internally displaced people on record.
